

Helensvale Hogs Rugby Union Club Incorporated

Sponsorship Packages 2023

History

Helensvale Hogs was first established in 1987, it has a long history of providing competitive rugby for juniors, seniors and woman's. Helensvale Hogs has a rich history supporting the community and providing a place for athletes of skill level to come and enjoy their passion.

Helensvale is situated in the growth corridor of the northern Gold Coast and has rapidly grown to become one of the largest clubs in the area with over 20 teams playing in the local competitions both here and in Brisbane. Our continued growth is also from the stature of coaches and volunteers we attract to the club, without their tireless dedication to our club we would not be as successful as we are.

Our Goal for 2023 is to continue to build on our current success and to also strengthen our woman's competition by having a 15 a side team for 2023. We currently stand in 2022 with the highest woman's participation and look to grow that even further. We are also looking to further development our pathway to seniors and strengthening our seniors program.

This is why you should choose Helensvale Hogs to partner with in 2023.
